

Abutment Slope Protection Repair:

Bridge 020009 State Road 44 over Henderson Canal

Bridge Owner: Florida Department of Transportation

The project was awarded in March 2014 to Lesco Structural, Inc.

- Lesco Structural furnished and installed 25 tons of rubble riprap at abutment two to restore stabilization to a 450 square foot area at the top of the slope.
- We restored stabilization at abutment one as needed.
- All rubble riprap was hand placed.
