

Abutment Slope Protection Repair:

Bridge 020026 at US Highway 41 over the Withlacoochee River

Bridge Owner: Florida Department of Transportation

The project was awarded in March 2014 to Lesco Structural, Inc.

- We inspected the site on January 15, 2014.
- In March, we furnished and installed 20 Tons of rubble rip rap (ditch lining) at abutment 1 to restore stabilization to a 250 square foot area of the slope.
- All of the rubble rip rap was placed by hand by our crew and not by machines.
